## CONFIDENTIAL - ATTORNEYS' EYES ONLY

<p>1 A. When you say "costs," what exactly do you 2 mean? What exactly do you mean?</p> <p>3 <b>Q. Why don't you define costs for me -- your 4 understanding of costs.</b></p> <p>5 A. My understanding of costs is any cost related 09:51:24 6 to serving off those ads on Android devices. And yes, we 7 do cover for those costs.</p> <p>8 <b>Q. All right. Thank you.</b></p> <p>9 <b>Let's talk about how Google makes its revenue 10 on Android. This article lists a number of potential 09:51:53 11 revenue sources. I'd like you to identify for me --</b></p> <p>12 A. Can I take some time to read this article?</p> <p>13 <b>Q. Well, the questions are not really based on 14 the article. They're more abstract. So if you can just 15 listen to my questions. 09:52:07</b></p> <p>16 A. Okay. So then this is not related to the 17 article?</p> <p>18 <b>Q. Just listen to the questions, please.</b></p> <p>19 MR. BABER: No. I object. If the witness 20 wants to read the article, I believe he has a right to 09:52:13 21 read the article.</p> <p>22 MS. RUTHERFORD: Well, the question is not 23 about to the article. So let me ask the question.</p> <p>24 MR. BABER: The witness is still allowed to 25 read the document you put in front of him, if he desires 09:52:23 22</p>	<p>1 A. Yes.</p> <p>2 <b>Q. Could you elaborate your understanding of 3 that?</b></p> <p>4 A. We revenue share with partners on Google 5 Search -- on the revenues generated from ads on Google 09:53:41 6 Search and other related websites. On other 7 applications, I don't recall.</p> <p>8 <b>Q. So as far as Google Search goes, you -- one 9 of the ways that Android makes money is revenue sharing 10 on Google Search with its partners; correct? 09:54:02</b></p> <p>11 MR. BABER: I object to the form.</p> <p>12 THE WITNESS: Again, I don't understand the 13 question.</p> <p>14 <b>Q. BY MS. RUTHERFORD: Okay. I'm just using 15 your words in your answer. You said, "We revenue share 09:54:18 16 with partners on Google Search." And I'm asking you, is 17 that one of the ways in which Android generates revenue 18 is revenue sharing with partners on Google Search?</b></p> <p>19 A. I said revenue sharing from ads revenues on 20 Google Search. 09:54:35</p> <p>21 <b>Q. Okay. With that modification, is that how -- 22 one of the ways in which Android generates revenue?</b></p> <p>23 A. That's how we give money to our partners. 24 That's not how we generate revenue. We generate revenue 25 from ads shown on Google Search on Android devices. 09:54:51 24</p>
<p>1 to.</p> <p>2 MS. RUTHERFORD: You can take it with you and 3 read it.</p> <p>4 <b>Q. Now, my question is -- my question to you is: 5 Does -- is one of Google's ways of obtaining revenue for 09:52:26 6 Android sharing deals with carriers that support Android 7 and handset makers when they include Google applications?</b></p> <p>8 A. Now, is this related to this article?</p> <p>9 <b>Q. The question is independent of that article.</b></p> <p>10 A. I don't understand what the question is. 09:52:46</p> <p>11 <b>Q. Does -- is one of the ways that Google makes 12 revenue off of Android a revenue sharing deals with 13 carriers that support Android and handset makers when 14 they include Google applications?</b></p> <p>15 A. Can you elaborate what your question means? 09:53:00</p> <p>16 <b>Q. What word did you not understand?</b></p> <p>17 A. About revenue sharing with carriers and 18 Google applications.</p> <p>19 <b>Q. And which part of that did you not 20 understand? 09:53:15</b></p> <p>21 A. What do you mean by "revenue sharing on 22 Google applications"?</p> <p>23 <b>Q. Okay. Do you have some understanding in your 24 role as someone who reports the revenue of Android what 25 revenue sharing means? 09:53:27</b> 23</p>	<p>1 <b>Q. Right.</b></p> <p>2 A. Yeah.</p> <p>3 <b>Q. Okay. That's one way. Is another way that 4 Android makes money or generates revenue a transaction 5 fee that Google charges from Android-based applications? 09:55:08</b></p> <p>6 A. Trans -- can you elaborate your question? 7 Transaction fees?</p> <p>8 <b>Q. Do you charge any fees for Android-based 9 applications?</b></p> <p>10 A. Not that I'm aware of. 09:55:27</p> <p>11 <b>Q. Do you -- is -- do you know what the Android 12 Market is?</b></p> <p>13 A. Yes.</p> <p>14 <b>Q. Could you explain for the record what that 15 is? 09:55:39</b></p> <p>16 A. Android Market is a place where people can go 17 and buy apps.</p> <p>18 <b>Q. "Apps" as in applications?</b></p> <p>19 A. That's right.</p> <p>20 <b>Q. And is that one of the ways in which Android 09:55:52 21 makes money, off of those applications that are sold on 22 the Android Market?</b></p> <p>23 A. Android Market has free applications as well 24 as paid applications. Obviously, free is free. And 25 short-paid applications, we only get a very small portion 09:56:06 25</p>
